

Deepcut Next Run - July 2nd

I hope this finds you well over there at SH3 HQ and enjoying this wonderful seasonal weather (top tip : keep your garden watered).

Yorkie and I went to a great Hursley Hash Summer Solstice Event at Farley Mount this morning - there was a turn out of 55, and the weather was perfect. Mudlark (Hare) treated us to an excellent trail, a large part of it across some very private farming / shooting land (no-one got shot - we're still 'out of season'!) The bacon butties by the PAD H3 Chefs were fantastic, and the Tequila Surprises laid on by Mrs Mudlark afterwards made for an absolutely perfect ending. I even got to see a real hare at close quarters shortly after I left - what more could you want, except some sleep (by golly and cackling magpies, I'm tired!)?

Anyway, the real purpose of my writing is to ask if you'd be kind enough to let everyone at Surrey H3 know that they'd be very welcome to join **Deepcut Hash for their next run** on Wednesday July 2nd at 3pm, RV Frimley Lodge Park? The full details are on our website <https://www.dh3.org/> including a link to a map of the park.

In brief, the run details are as follows (Waze and W3W references/push button icons also on the website)

Date and Time : 2nd July 2025 at 15:00 hrs

Location: Car Park 3, Frimley Lodge Park GU16 6HY

Hares: Machinist, and **Bolshie**

On Inn: After the run Mr and Mrs Tamnee will be providing a curry, and there will be additional sandwiches, snacks etc. Hashers should bring their own chairs, plus whatever they drink!" Please let me (or Bolshie) know if you intend to come.

On 6th August, Yellow Peril (aka yours truly) will be laying the trail with Dickhead from the Coach and Horses in Rotherwick, north of Hook (the Odiham Hook) - full details nearer the time (great pub, great food and excellent ales). Once again, it'd be great to see some familiar faces from Surrey H3 if they'd like to join us. It's a great trail and there **might** even be a beer-stop! How can you possibly say no to that??!! Pencil it in your diary if you're free!

Lastly, please can I ask you to add our website link to your website (as beneath) in the Nearby Hashes tab?

Thanks and On On
Yellow Peril
